

# FASTAID P2 ADHESIVE PLASTERS FABRIC 76 X 25MM 50PK

## Description

- Strong high-stick adhesive
- Tough fabric material for ultimate protection
- Latex-free materials
- Non-stick honeycomb dressing pad
- Easy to open retail box

FastAid's high-stick fabric plasters are made for the demands of the job site. Whether you're on the tools, in the workshop, or out in the elements, these plasters deliver rugged, reliable protection for minor cuts and scrapes.

Made from tough comfortable fabric material, they flex with your movement while staying firmly in place - even through sweat, dirt, and long hours. The latex-free material is skin-friendly and built to last in harsh conditions.

Each plaster features a non-stick honeycomb-style dressing pad that cushions and protects the wound. Built-in drainage channels draw out fluid to keep the area clean and promote faster healing, while the gentle adhesive allows for easy removal without pulling at the skin.

Contains 50 plasters with a size of 76 x 25mm each packed in individual sterile paper pouches.

Packed in FastAid's unique colour coded retail packaging, complete with easy-to-open box perforation. Also compatible as a refill for FastAid's Easy-Refill™ First Aid Kits.
